

- **O2 Ireland** engaged PLC Partners for various assignments:
  - The technical programme management for O2 Ireland's eCRM project. The project involved the complete redevelopment and launch of O2 Ireland's on-line portal.
  - As the exclusive vendor in providing O2 Ireland with qualified engineers to engineer and manage their core network during their network migration program.
  - Continuous support of the CRM system and data warehouse connectivity, incorporating Information strategy consulting, implementation of Websphere data stage upgrade and support of Ephiaphany systems.
- **Siemens Enterprise and Communications Limited:** PLC Partners are a preferred supplier to Siemens for the provision of Project Management services. PLC Project Managers are currently engaged for the successful delivery of the SECL assigned projects.
